MEMBER

## Basketball COVID Updates

Canton Public Schools would like to inform each guest attending our Canton Tiger Basketball Games that you are coming at your own risk and ask of the following

### Requirements

- ❖ We will **require** that each guest entering our games use our temperature check system **before** paying at the gate admission area.  
(You do not have to remove your mask to check your temperature)

### Suggested Recommendations

- ❖ We recommend that each person wear a mask when:
  - Entering the building
  - When paying for your ticket upon entry
  - And when in line/paying at the concession stand
- ❖ We recommend that each person respect the boundaries of six foot (6') distancing that others may ask for.
- ❖ We recommend that groups try not to gather too close in observance of CDC guidelines.
- ❖ We recommend using the hand sanitizers located around the gym areas frequently.

## **Information for Fans**

This school year has presented challenges like no other in history, but our staff, students, and community have risen to the challenge to make it a great year in countless ways already. Your continued support of Canton Public Schools is not only appreciated but vital to continuing to offer traditional, in-person schooling, as well as extracurricular activities. Our goal is to provide a safe atmosphere to learn and partake in activities in as safe a manner as possible.

As fall sports begin to come closer to an end, it is essential we make appropriate plans for our upcoming winter activities. With winter activities taking place largely indoors, we are recommending that everyone that attends an indoor activity please wear a mask during specific times, and understand that our requirements and recommendations may change. Canton's Public Schools and Community have worked together to keep our students in school as much as possible and we appreciate your efforts in continuing to provide a safe environment for our students, athletes, and community.

The updates for attending indoor activities will be made of all visiting schools as well, and we understand that other schools on our schedules will be asking the same of our fans when we visit their facilities. It is our hope that our community will honor the request of other schools just as they do in our facilities. We understand that this may be seen as an inconvenience for some, and is not anyone's ideal choice, but small sacrifices such as these may increase the likelihood that our students can continue all extracurricular activities with fans in the stands.

Thank you for your continued support of our student-athletes and coaches.
